A note about the results in group events…

The Arnold Classic 2016 Jump Rope competition group events were to be scored without gender divisions. An error in our registration and scoring process split them into gender divisions on the first run of the results. We caught this at the end of awards and combined the gender divisions for the Pairs Double Dutch events but we did not go back and to the other events that were already awarded. These results show the gender divisions but the awards go the first, second and third across all genders in each age group. We apologize for the error.
